Eisenhower Matrix

	Urgent	**Not Urgent**
Important	**Do - (Your MVP)** ● Assign a name to the dice rolls ● Input the name to roll the dice ● Allows the user to set up what dice are rolled ● Calculates the totals for all the dice rolls	**Schedule - (For V2.0+)** ● Set up environment of NPCs and do all turns ● Specify target and track health ● Adding usable weapon properties and descriptions (user inputs these) ● Determines if the attack hits and only rolls damage if it does (prompts if user want damage anyway)
Not Important	**Delegate - (Use a library)** ● Randomizing numbers ● Reading from a text file ● Writing to a text file	**Delete - (Cut it)** ● Import all of the items and abilities from the game to use them ● Chooses what the NPC should do for their turn (NPC AI) ● 3D dice
